YEAR IN REVIEW

Board of Management

President's Report – Comet Bay Basketball Association

It has been a season of consolidation and steady management for the Comet Bay Basketball Association. Following past constitutional reforms and governance updates, this year focused on maintaining our operations, running things smoothly, and ensuring a stable foundation for our community.

Operational & Community Growth

Our participation numbers remained strong and steady. This year, we successfully ran targeted player development clinics, giving our athletes valuable opportunities to refine their skills under professional coaching. In tandem with these programs, we successfully rolled out our updated membership structures and debuted our new website and refreshed club logos, streamlining communication and modernizing our digital presence.

Financial Performance

Comet Bay Basketball closed the financial year ending 30 June 2026 in a stable position. The club recorded an annual net profit of \$1,861.93, reflecting responsible cost management and sustainable planning. Additionally, the club reinvested in its future by acquiring \$13,116.50 worth of inventory, including essential equipment, uniforms, and trophies to support our ongoing activities.

Looking Ahead

Moving forward, our focus remains on maintaining this stable trajectory. The board will prioritise establishing a clear strategic plan to guide sustainable growth, steady governance, and continuous player development that meets our members' evolving needs.

Thank you to all our committee members, coaches, volunteers, and families for your ongoing support in keeping our club running smoothly.

Mel Petch
CBB President

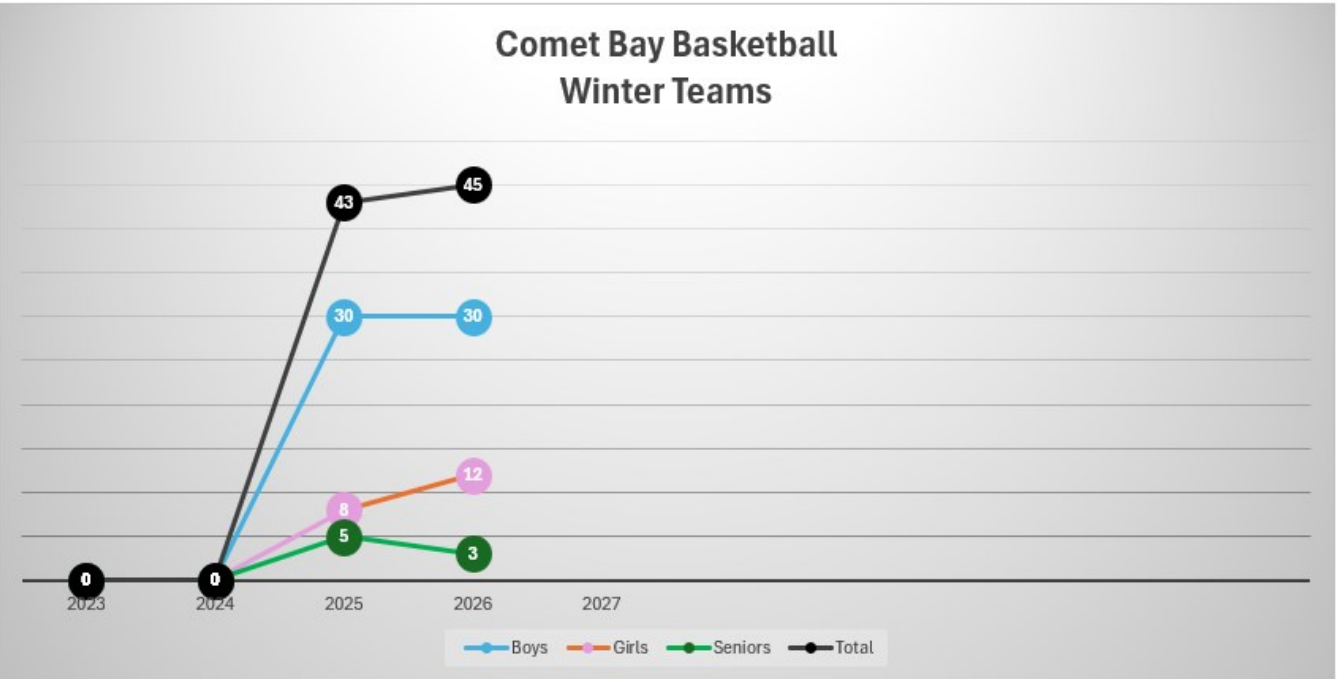

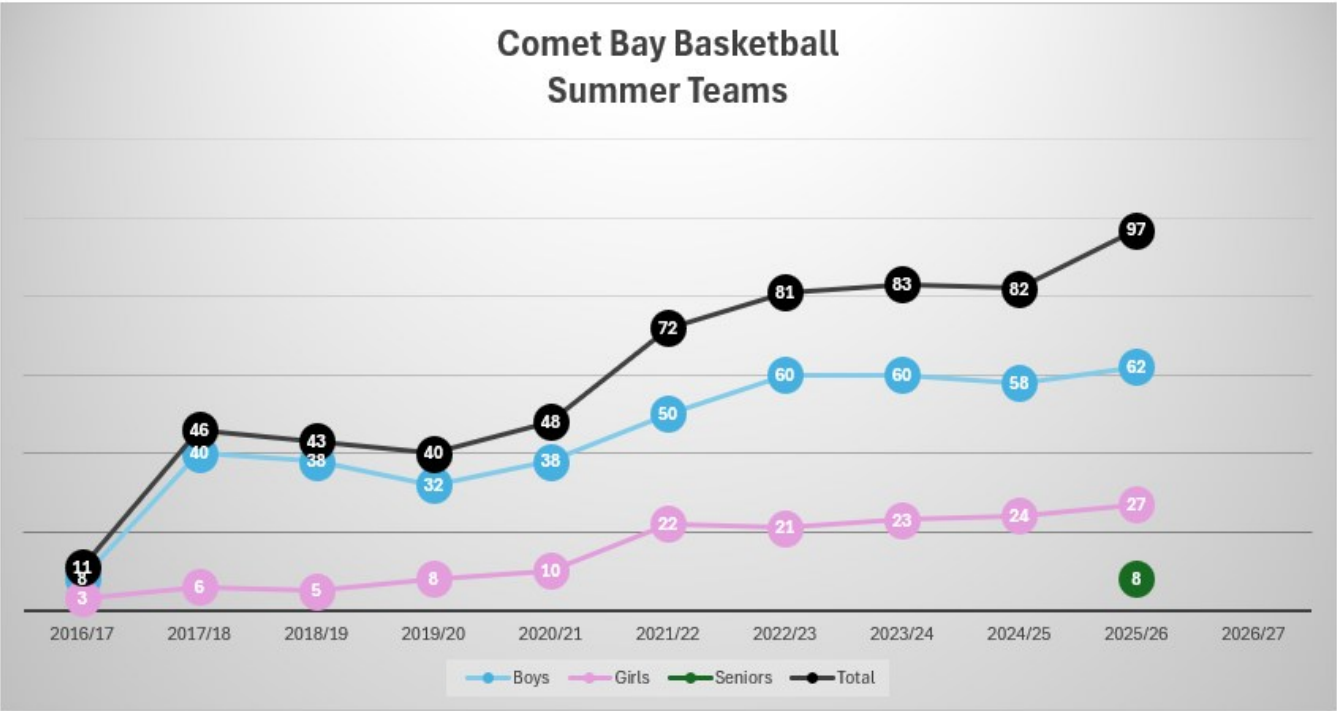

2026/26 Competition Participation

Competition participation across the 2025/26 seasons highlighted significant growth and deepening community engagement.

Winter 2026 marked Comet Bay Basketball’s second season in winter competition, with 45 teams representing the club. This continued expansion reflects our growing capacity and commitment to providing year-round basketball pathways.

Summer 2025/26 delivered our strongest season on record, with 97 teams entered across all divisions — including our first season entering senior teams into summer competition. This milestone reinforced our position as one of the region’s most active and inclusive grassroots associations.

Together, these numbers demonstrate our ability to deliver structured, scalable, and community-driven competitions, supported by strong coordination and consistently high member participation.

Comet Bay Basketball Inc.
